

SWINDON/exceed Scholarship – Preconditions

- Partner Universities recommend suitable students in agreement with the regional coordinators, the supervisors of the sending and hosting institutions, and with SWINDON/exceed head office at TU Braunschweig
- Interested students contact the SWINDON/exceed representative at their home university, which is member within the SWINDON/exceed regional network, and the respective regional coordinator, to inform them about their interest in an exchange.
- If the student applicant and his accordant research proposal have been accepted in a pre-selection step by the regional coordinator and the applicant has received the recommendation and invitation letters from the sending and hosting supervisors of the respective SWINDON/exceed member institutions, the student can officially submit his application.
- At the time of application, the student is conducting his master or PhD studies.

The students send their application documents online via: <http://exceed-swinton.org>

The following application documents in English are necessary:

- Curriculum vitae
- Certificates
- Transcript of records
- Proof of language proficiency
- Recommendation letter
- Invitation letter
- Research proposal with relation to Sustainable Water Management
- EXCEED application form

Please note that

- incomplete applications will not be considered,
- all submitted documents must be in English.
- If all documents are complete, the application will be announced in the EXCEED Website's Management Board area for final approval
- If all decisions are positive the applicant will be informed that he/she has been accepted.
